

**Unidad Educativa Canoruco**  
**1st Year**

**Bilingual Fair Report Corrections Process**

The reports for the **Bilingual Fair** will have a development process. This will consist of 3 correction opportunities. In which the student will have the chance to improve their report based on the corrections and recommendations given by the teacher. This process is very important because the information in the report is their groundwork for the **Bilingual Fair** itself.

Corrections Schedule

1st Correction - Friday 31st. Already done.

2nd Correction - Friday. November 14th.

3rd Correction - Friday. November 21st.

Final Delivery - Friday. November 28th.

On each correction date the students will deliver their report. Which will be revised and delivered back on next week's Monday.

**Note:** If the students reach the report's goals before the **Final Delivery Date** they won't need to keep going through the correction process. They'll only have to wait for their grade to be re-uploaded. The teacher will make them know if they reached the report's goals.
